EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 1 line 1 delete "and".

Claim 1 line 2 after "comprising" insert --:--.

Drawings

The drawings are objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, the limitations of claim 6 (building elements for construction of a toy vehicle with controllable wheels) must be clearly shown or the feature(s) canceled from the claim(s). No new matter should be entered.

Corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

If the applicant chooses to include a new figure to overcome the above objection the specification must also be amended to incorporate this new figure (under Brief description of the drawings).

The following is an examiner's statement of reasons for allowance: The specific limitations of "a first and second functionality unit associated to a respective one of the independent channels, wherein each functionality unit is configured for receiving corresponding control signals from the control unit and performing a function corresponding to a received control signal, wherein the construction toy comprises a receiver unit, wherein the receiver, the control unit and the first functionality unit are integral with the receiver unit; and that the second functionality unit is external in relation to the receiver unit..." are not anticipated or made obvious over the prior art of record in the examiner's opinion.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jamila O Williams whose telephone number is 703-305-3312. The examiner can normally be reached on 6:30am-3:00pm.
